

# McKenna is Deaf-Blind.

And she's an inspiration to her family.

## Speak for Me

My name is McKenna and I'm only 3. I'm deaf-blind. People who are deaf-blind have varying degrees of vision and hearing losses, with causes as varied as being born too soon, accidents, genetic reasons, getting older, and others. While there's no cure, my Mom, Dad, and especially my brother Kyle aren't giving up hope for my future. As you can imagine, I will need a lot of educational, physical and financial assistance to help me realize a fulfilling life. Take a few minutes to understand why government support of my needs is so important and how you can be my voice. Help me and the thousands of other Illinois residents that live with Deaf-Blindness everyday by visiting [BeMyVoice.com](http://BeMyVoice.com) today. My name is McKenna and I just want you to be my voice.
